

What being in the ‘Support to Report Group’ meant to me: **“We excelled ourselves”**

“I had never done a presentation before I joined the group”

“It gave me a structure to achieve something in my life”

“The training has been really good but the role play training was hard”

“Now I know about Keep Safe, I hadn’t heard about it before”

“I am very proud of what I did and the film says it all”

“It was the first time I had even used a microphone”

“I gave people information and think I have made a difference”

“I’ve really enjoyed it, I visited places I’ve never been”
